

## CITY COUNCIL

### Brief and Business-like Meeting Tuesday Evening

The regular weekly meeting of the City Council was held on Tuesday evening Aldermen Sheppard, Cameron and Tipson were absent, being out of the city. The meeting was the shortest which has been held this year, lasting a little under two hours. After the reading of the minutes the rules were suspended to hear delegations, and J. E. McGregor-Gardner addressed the council in regard to an assessment of his for vacation reports of evidence given in the police court. This account had been referred to the finance committee to report on as it was considered excessive. Mr. Gardner said that his charges were based on the scale used by the court stenographer in Edmonton, viz., ten per folio for the original copy and 50 per folio for additional copies.

As the matter was still in the hands of the finance committee, who had not yet reported upon it, no action was taken by council.

The regular order of business was then resumed, and correspondence taken up. Several of the communications were from citizens who had requests to make for bridge privileges.

T. W. Smith, who resides in block 48 in the Anderson addition, complained of a water leak in the lane behind his house.

Mr. R. T. Purvis complained of a water hole on his property in block 113, on Fifth Avenue North, and also asked for a crossing in front of his house, offering to pay part of the cost.

Mr. R. L. Benson wrote in for reference to water draining from the Calgary trail on to his lots in Paradise.

These communications were referred to the public works committee and the engineer.

Mr. T. B. Henderson, provincial auditor, wrote drawing attention to the necessity for having the northern streets in the city destroyed, and his letter was referred to the city solicitor.

The following accounts, which had been passed by the auditor, were read and ordered paid:

R. E. T. Fringle Co. \$145.00  
Canadian Oil Co. 30.31  
C. C. Thompson 5.00  
Standard Plumbing Co. 196.00  
Strathcona Cartage Co. 13.20  
John Deere 1.00  
Wilson & Gililand 66 117.20  
P. Manning 22.50

The rules were again suspended for

the purpose of hearing delegations and Mr. Ed. Pope asked whether the council would do anything towards constructing a drain to his house on First Avenue North between Fifth and Sixth Streets East. Mr. Pope said there was 2½ feet of water in his cellar. As an alternative he asked permission to construct the drain himself, and it was resolved that the permission be given, the city engineer to supervise the work.

Mr. R. W. McIntyre a government engineer addressed council with regard to his assessment, taking objection to being assessed both on his professional income and on property. The matter was referred to the assessment committee.

The regular order of business was again resumed, and reports of committees called for.

The finance committee reported recommended that the \$6,000 six per cent concrete sidewalk debentures which Mr. Barrett of Chicago had intimated his willingness to take at 98½ be referred to that gentleman as he could at one time. He was not in a position to drive a hard and fast bargain with Mr. Gardner as Mr. Gardner could not tell him what the work would cost. Mr. Gardner had told him he would be a nominal one.

(Alderman Richardson did not favor the payment of the account as rendered. The matter was referred back to the finance committee to consult with the city solicitor and make a recommendation.)

On the recommendation of the water and sewer committee it was resolved that tenders be asked for the extension of the sewer system on Second Avenue South from First Street West to Third Street West.

The third and final reading was given to the by-law appointing Andrew McCauley chief of police and license inspector and Henry Patterson and Patrick Moughan constables, to hold office at the will of the council.

The mayor brought up the matter of the extension of the electric lighting system to the Gallagher-Hill packing house and Alderman Richards, chairman of the electric light committee, took immediate consideration.

An adjournment was made a 10 o'clock.

## Yachtsmen Drowned

Ottawa July 1. — W. A. Green, 21, and Mrs. Laidlaw, their two sons and Miss Brewer made up a party which left Aylmer this morning and sailed across Lake Deschambault to Shirley's Bay. On the return trip in the forenoon the yacht was running free before a heavy breeze and Green was standing on the deck handling the tiller. Suddenly the mainmast and Green were swept into the lake.

A life preserver was thrown to him but he failed to get it and before the yacht could be brought about, Green sank. Miss Brewer, who was Green's niece, became hysterical and subsequently unconscious, and was revived with difficulty after the arrival at Aylmer. Green's body has not been recovered.

Domination Day was quietly spent in the Capital.

## Charged With Perjury

New York, July 1. — The Grand Jury has returned two indictments against Mac C. Wood, which suit against Senator Platt fell through. The first of the forgery in the third degree is for for and the second for perjury regarding the alleged marriage. She will be before the court Monday.

## Toronto Horse Parade

Toronto, July 1. — There were 565 entries and 800 horses valued at a quarter of a million in today's open horse parade in Queen's Park. Two Buffalo men were present, got pointer for an imitative parade to be held here in October. As a North American, \$54,379; Bank of Canada, \$40,336; Bank of Hamilton, \$40,336; other banks hold such small amounts.

## ALBERTAN'S VIEW OF TWIN CITY EXHIBIT

The Twin City exhibit of which Thomas Daly of the capital, and Port of Strathcona are in charge, is a magnificent one, and displayed with the care and fine taste of experienced artists. The exhibit shows a variety of products of the northern districts, both natural and cultivated. There are bottles of aspidium that the casual observer look as good as famous Trinidad.

There are also samples of the Shawan river cut of which gold is washed in paying quantities, and the gentleman in charge of the exhibit have a smaller full of nuggets of the gold as it appears when washed out. The aspidium is found in sufficient quantities to provide specimens for the future centres of the West. The same are also on exhibition, found in large deposits in the same district. Oxide of iron, marble, iron ore, lime and brick, made from the native clay, lime, and sand pressed brick, lignite coal, and compressed brick, all of which show such wonderful productiveness in grain and grass, are also on exhibition. As showing the importance of the northern cities as centres of the far trade, shorn hides of deer, wolf and other animals, and late and harness leather are on display.

The vegetation of the district is displayed in a sample of white clover,

## Niagara Fatalities

Niagara-on-the-lake, July 1. — A forty-horse-power Peerless car belonging Park Commissioner, went over the for a hydro-electric plant at the Queen's Hotel and with an English chauffeur, Thomas Small, plunged into the lake. Two ladies of Dr. Doran's party had just left the automobile when the brake jammed and the machine went slowly through the fence, down the embankment and turning turtle into the lake. Small remained in the car until thrown out and was hurt. A company of Toronto engineers were called out and in five minutes had the car up the embankment with only an axle twisted.

Niagara Falls, July 1. — Robert Leach, of Chippewa, made good his promise and to-day dropped from the upper steel arch bridge under a parachute to the river below, a distance of two hundred feet. The parachute did not open up for the first fifty feet but then it was an easy descent. When ten feet off the water Leach seemed to spring to one side of the parachute and dropped into the river, where men in a boat picked him up. The actual time it took Leach making the descent was half a minute. To-day's exhibition metted him

## Unclaimed Bank Balances

Ottawa, July 1. — A blue book giving details of unclaimed balances etc., in Canadian banks for five years and upwards prior to December 31, 1907, was called in the House on Monday. The total of unpaid balances is \$860,126 as against \$534,574 in 1906. Unpaid drafts or bills of exchange total \$27,537, and unpaid dividends \$1,264. The Bank of Montreal holds \$1,688 in unpaid balances. Montreal City and District Savings Bank, \$203,175.47; Bank of British Columbia, \$54,379; Bank of Canada, \$40,336; Bank of Hamilton, \$40,336; other banks hold such small amounts.

## THE TWO CENT RATE

Ottawa, June 30. — In the discussion of the act extending the power of the railway board, A. C. Boyce (Algoma) wanted the section that penalizes a railway employee who wilfully or negligently violates the laws of the company amended by striking out "negligently."

The Minister of Railways replied that railway employees were reasonably intelligent and above the ordinary person in understanding their duty. They already were liable under the Criminal Code and he did not think the double liability led to efficiency. He assured Boyce an amendment to remedy the evil would be introduced before the end of the session.

In the afternoon R. L. Borden proposed that the question of a two-cent passenger rate be left to the railway commission, and empty instituted without delay. Repudiating any desire to kill the bill Mr. Borden said he had used a similar proposal in January, 1907, when Hon. H. R. Borden had replied, that it already before the commission, one way or another. Mr. Borden urged Hon. Mr. Graham to accept his amendment.

Many reductions in freight rates W. F. Macdonald urged the two-cent and new was the time for passenger rate reduction.

Hon. Mr. Graham replied that the

present was an inopportune time to inquire as to the ability of railways to carry people at two cents per mile owing to recent reductions in earnings. The minister proposed an array of figures to show the railways were not in a position to give this rate throughout the country. He estimated it would reduce incomes by twenty per cent, and wipe out the profit on that branch of the service altogether. He also quoted the sparse population and long haulage, his study of the subject making it clear that at three were short lines and full trains in any country where low rates prevail. He sympathized with the movement, but said they must be fair to the roads. There was no benefit to be gained by Mr. Borden's motion.

The amendment would deal with the subject in the course of the session. The amendment was defeated by 74 to 40. W. F. Macdonald voting with the government.

On motion of the minister a clause was inserted to empower the railway commission to order railways to electrify or low tracks, where it was expected to settle the viaduct problems now engaging attention in Montreal, Toronto and other cities.

The bill was given its third reading.

## Barbarities Of Shah's Soldiers

St. Petersburg, July 1. — Eighty men are reported killed and many wounded in a battle yesterday at Tabriz, Persia, details of which are just received, in which it is stated that the situation continues to become more serious. People have erected barricades in the streets and the fight is going on night and day.

One of the prisoners just released in the royal camp describes the barbarities committed on soldiers there. The prisoner says a churchman was strangled before the eyes of prisoners who were to be released. When half dead the man was released and the victim's flesh with blunt knives. Shah's executioners began cutting in. The carcass was then thrown to the hungry dogs.

Housemen under Ruchin Kalm are taking a leading part in the fighting and this fact is increasing alarm of the inhabitants. Ruchin Kalm's men are rapidly straggling. They are supported by the Shah and are without discipline. The fear is that these rascals loose in the city and the lives of all foreigners will also be endangered.

The foreign population in Tabriz is small and is composed mostly of Russians. There are besides a British consulate, an American consulate, and Russian consular general. Too studies of the Imperial Bank and the telegraph company are foreigners.

## BASE BALL

In the tenth inning of their game with Edmonton Strathcona lost in the Twelfth at League Series last night the final score being 3-2.

The winning run was scored by O'Brien, who was brought in by a sacrifice hit by Wile. The game was a close one, with many chances for the first three innings. With two out, Wile of Strathcona hit safe in the first, but McLachlan's fly to Deaton, retired the side. In Edmonton's

first, with two down, Deaton called a two-lagger, but Maguire followed with a strike-out. In the second, Maloney for Strathcona, after Ball was retired on his fourth fly to Deaton. Miller went out foul fly to first, and Carmichael fired to Vining. In Edmonton's second, Parney, in the third third came a safe hit, but was retired by good fielding.

It was Parney's luck to bring in the first for Edmonton. In the fourth, scoring Deaton on his fly to centre field, Strathcona were batted in their half of the fourth. White, up to bat for Edmonton grounded to pitcher. Deaton came in and swatted a hot liner to left field giving second safe Maguire followed with a safe hit in first advancing Deaton to third, who reached the plate of Parney's fly. The fly reached Carmichael's mitt, but he failed to hold it and Parney got his life. Maguire went out on a pitcher's choice at second. Parney stole second and reached third on Maguire's safe hit, but White grounded to pitcher, retired the side.

In the sixth Ross Hall pelted in Strathcona's turn on Maloney's fly to Parney when the lines were all Hall hit safe to first, and in a strike second. They fanned and McLachlan got first on error of pitcher, advancing Hall to third. Hall got his base on being hit by the pitcher, killing the bases. Maloney went out on his fly to Parney, but Hall scored and the others advanced a tag. Miller retired the side with a grounder to pitcher.

Maguire scored the second for Edmonton in the sixth, on White's fly to second. With Deaton down Maguire was advanced on balls, stealing second. Parney obtained a line on balls, and McLachlan hit by pitcher, advanced the runners a base. White retired to second, who fanned the ball, but managed to catch Parney on a bunt. Vining's strike-out finished the side.

Carmichael advanced up in the seventh, scoring for Strathcona on a safe ball. He got his life on Shultz fumble third. Parney fanned and Hall advanced on a ball, stealing second. With Wile up to bat, Carmichael came home on a sacrifice hit. White fanned, but the game was a close one, with many chances for the first three innings. With two out, Wile of Strathcona hit safe in the first, but McLachlan's fly to Deaton, retired the side. In Edmonton's

## Blood Indian Roundup

Macled, July 1. — The Blood Indian roundup is now on. Up to this point a thousand calves have been rounded but this number will be largely increased before the roundup is completed. After the cattle belonging to the Blood Indians have been rounded and placed on the reserve, the beef cattle will be cut out and shipped. The Indians are in a flourishing condition, and many are becoming wealthy. A number of pure blood horses and cattle have been bought by the department of Indian affairs, and these animals have been turned loose on the reserves with the result, it is hoped, of improving the class of stock already owned by the Indians.

## Orchard Not To Die

Boise, Idaho July 1. — The Board of Labor has committed the error of Harry Orchard to imprisonment for life. He was to hang Friday for the murder of Governor Steuneger, the famous case involving the Western Federation of Miners.

## Cobalt Fires

Cobalt, Ont., June 30. — Fires forced fire raged in the Cobalt district on Saturday and Sunday. On Saturday afternoon two houses were burned in Halfway south, and on Sunday afternoon on the buildings of the Coleman Development Company, Colman Limited of Shamick, Cobalt, Ont., Progress, Fisher, Elphinstone and Eric's mine in the southeast of Cobalt township went up in smoke. The smoking of the Temishaming and Beaver mine were moved after a hard struggle. The loss in timber is very heavy.

**CURRENT COMMENT**

Some weeks ago our contemporary, the *Plainsman*, took the *Edmonton Journal* serious to task for suggesting that the Dominion Government was not treating this town justly, considering its size and commercial importance. The appearance of the *Plainsman* office is about what one might expect to find in some outlying village, and for a town like Strathcona is as near a disgrace as possibly can be.

The *Plainsman* grows very indignant because the *Journal* suggests that Mr. E. W. Day when returned to be called upon to use his influence to secure a suitable building for Strathcona Post Office. We have delayed commenting on the matter in the hope that Dr. McIntyre would also make some statement and seeing that he is at present in the House give some earnest of his intentions. We would prefer that a decent Post Office for Strathcona should be a definite promise so that whatever party were returned to power our Post Office would be ended. The *Plainsman* declares that:

"There may have been a time in the history of Canada when that kind of electioneering was successful and there may be circumstances where it would prosper but, we venture to suggest that there is too much intelligence in the electoral district of Strathcona to allow it to carry weight here."

This is pure malice and nonsense. The only way to get anything to go after it in this way. We do not suggest that any member would be justified in doing what Hon. Mr. Pugsley did in New Brunswick namely offering unscrupulous and extravagant public works as bribes for political support but we do say that it is not only legitimate but in the highest degree imperative that a member present of future be demanded to look after the interests of his own constituency. That the present Post Office building is an insult to the University City will admit. We trust therefore that all good Strathcona girls will take Dr. McIntyre by the ear and all good Strathcona Tories will take Mr. E. W. Day in the same manner so that a new Post Office for Strathcona will be on both planks at the coming campaign. It is not necessary to go to the extravagant extremes suggested by the *Plainsman* and talk about \$100,000 at the present time but a building at \$50,000 would be in keeping with the city's present importance and would adequately handle the city's postal service for a goodly number of years.

At the present phenomenal rate of growth, the building could also be erected so as to be capable of addition. To add to the *Plainsman's* theory:

"That no demand for a permanent post office building should be in the light of business development made until we can with good grace, ask for a structure worth at \$100,000 with a right to expect the granting of the request."

may be a very convenient method of shelving the question but we venture to suggest that it will not satisfy the Strathcona citizens. Is Dr. McIntyre unable or unwilling to insist on this City getting her just rights?

**NOT IF HE CAN HELP IT.**  
 (Tribune)

Would Sir Wilfrid object to taking the following colleagues with him on his western tour?

CLIFFORD SUTTON, who photos of his quarter million summer home on the St. Lawrence, also the \$15,000 with all her girls set.

CHARLIE HYMAN, with an exhibit

of press bureau clippings of his letters as a Minister.

FRED BORDEN, oh, with any old exhibit.

A. BRODEUR, with a few of those 1,000 per cent profit log-horns, etc., and sundry comments of Civil Service Commissioner Fyffe, eliminating such words as "damnable," "disgraceful," "disrespectable," etc.

TAD BURROWS, with a special card containing maps showing the timber limits.

MAJOR GRIFFOARD, of Yukon fame with a photo of the hut where he sought refuge from a midnight voter, also a copy of the "go good" letter.

SENATOR JAFFRAY, with files of the Globe and estimates on the value of Crows Nest Coal Lands.

JACK TITREFF, with a history of the Saskatchewan Valley Land deal.

DR. STEPHEN, as chaplain, to give advice that will "go good" with the church folk.

"BLACK ROD" with a list of the signatures of those who subscribed that \$100,000 gift to the Premier. Names not hitherto published.

THE OLD LIBERAL PLATFORM, looked in a safe the combination of which has been lost.

Photos of whiskey peddlers, grafts, etc.

P. P. post-office building, "take-offs for the boys, the new tariff for revenue only, with free-trade-as-they-have-it-in-England as the goal, senate reformers, immigrant bona deals, marine evidence, etc., etc., etc., the above array will be a combination, by jinks, that will make the West sit up. It will knock Ames' illustrated stunt into a cocked hat.

**GATHERING DAY WHILE THEY CAN**

About a month ago, says the *Journal*, a young man secured employment in the service of the government in this city. It was a somewhat respectable position, but not altogether remunerative. One day or two ago he was asked to resign or, at least, he was told that his services would no longer be required. When he pressed for the reason of his dismissal, he was told that as he had not been recommended by the Liberal executive in the city he could not be kept on. The young man took his discharge with grace.

Things must have come to a pretty pass when a young Canadian cannot keep or be given employment in the service of government unless he has the recommendation of the Liberal executive in the city.

It is an absolute necessity nowadays in order to procure even the most ordinary position in the pay of the country.

In all probability the executive had marked the job for someone faithful to the cause. He is very likely already in the payroll of the civil service.

**BOVRIL** renovates the blood and builds up muscle and nerve. It is good for children, athletes and invalids—good for all.

**AUSTIN & PALMER**  
 Phone 905 FOLK 1343  
 Office 3 Doors West of Dominion Bank

Within 1/4 of a mile from the centre of Edmonton and Strathcona.

1 Lot at \$150

### IN THE CHRONICLE

## Dependable Drugs

Did it ever strike you how important it is that you should bring your prescription to a dependable drug store after you have consulted the best doctor you know? At a dependable drug store the best goods can be had without demanding them and you can depend that the goods are rightly kept, handled and dispensed. The interests of the customers must be guarded at every point even to the prices at which the goods are sold. We can justly claim that our store is dependable and will stand the closest scrutiny in every detail.

## The Conservative Platform

As Enunciated at Halifax and Other Places by  
Mr. R. L. Borden, Leader of His Majesty's Loyal Opposition in the House of Commons.

1. Honest appropriation and expenditure of public moneys in the public interest.

2. Appointment of public officials upon consideration of capacity and personal character and not of party service alone.

3. More effective provisions to punish bribery and fraud at elections to ensure thorough publicity as to expenditures by political organizations, to prevent the accumulation of campaign funds for corrupt purposes and to prohibit contributions thereto by corporations, contractors and promoters, to expedite hearing of election petitions and to prevent collusive arrangements for the withdrawal or compromise thereof, to provide for a thorough investigation to correct practices and if necessary to appoint an independent prosecuting officer to enforce the law so awarded.

4. A thorough and complete reformation of the laws relating to the Civil Service so that future appointments shall be made by an independent commission acting upon the report of examiners after competitive examination.

5. Such reform in the selecting of members of the Senate as will make that chamber a more useful and representative body.

6. A more careful selection of the sources from which immigration shall be sought, a more rigid inspection of immigrants and the abolition of the bounty system except under very special circumstances and for the purpose of obtaining particularly desirable classes of immigrants.

7. The management and development of the public domain (in which are to be included great national franchises) for the public benefit, and under such conditions that a respectable proportion of the increment of value arising therefrom shall inure to the people.

8. The operation and management of our government railways by an independent commission free from partisan control or interference.

9. Development and improvement of our national waterways the equipment of national ports, the improvement of transportation facilities and subsequent reduction of freight rates between the place of production and market, whether at home or abroad and the establishment of a thorough system of cold storage.

10. The re-organization of the present railway commission as a public utilities commission with wider power and more extended jurisdiction, so as to establish a central authority control over all corporations owning or operating public utilities or invested with franchises of a national character.

11. The establishment after due investigation of a system of national telegraphs and telephones after careful study shall be just to capital already invested in this enterprise.

12. The improvement of existing postal facilities, especially in newly developed portions of the country, and inauguration, after proper inquiry as to cost, of a system of free rural mail.

13. A fiscal policy which will promote the production within Canada of all useful articles that can be advantageously manufactured from or by means of natural resources, having due regard to the interests of the consumer as well as to the just claims of our wage-earning population.

14. The promotion by negotiation and other constitutional means of a system of mutual preferential trade within the Empire.

15. The restoration of the public lands to the Provinces of Alberta and Saskatchewan upon fair terms.

16. The uncompensated maintenance of all powers of self-government which have been conferred upon the Provinces of Canada under the constitution.

### MAXIMS AND MORALISINGS.

Our deeds determine us as much as we determine our deeds. - George Eliot. Everybody is a barrister who has not brains enough to be a journalist. - Frank Richardson.

Man's culpability is the sum of his exfoliations minus his fortitude and environment. - H. B. Sheridan.

As we give the highest authority to assuming that charity covers a multitude of sins, we can hardly be surprised that it should be so generally used for that purpose. - Mark Twain.

The Calgary papers are rather amusing on the Billy Leader question as the following from a Calgary paper shows.

"If the reports from Edmonton are true Billy Leader is far the superior of Jimmy Potts, so far in fact, that Potts would not draw a corporal's guard against Leader. Billy Leader outpointed Lyn Truscott at every stage of the game of his contest with the Kangaroos. The Edmonton papers may say Truscott outpointed Potts 3 to 1, but their recent bout Potts is touted as the acknowledged king of clean-break boxers in the States. Consequently the dope, if the reports from Edmonton are true rings out pretty strong for Billy Leader as champion clean-break boxer of America.

The bout the other night was not a lightweight contest, either. Potts entered the ring at somewhat over 130 pounds and Truscott weighed over 140. This is pure nonsense and the Calgary papers are rapidly spoiling Leader. That he is a good little boxer is undoubted. His speed is phenomenal

### To Our Readers

The Chronicle would esteem it a favour to receive any items of local news, social, general or personal. It is always anxious to give publicity to little incidents likely to be of interest and not calculated to injure feelings or cause unpleasantness.

### Around the City

W. E. Schneider of Pullman, Washington, U.S.A. owner of the Richmond Park sub-division is on a visit to this city.

\* Trimmed Hats at 25 per cent. reduction in price at Miss Henderson's for two weeks.

Among the travellers south by the afternoon train was Mayor Duggan. We also noted Ex-Mayor May of Edmonton.

\* Miss Henderson is offering 25 per cent. on any Trimmed Hats for the next two weeks.

There was a large crowd from Edmonton to witness the departure on their honeymoon of Mr. and Mrs. Maloney Martin. Mrs. Martin is a daughter of Mr. Justice Beck.

\* For Two Weeks Only Trimmed Hats going at 25 per cent. reduction at Miss Henderson's

The band has been engaged for the Strawberry Festival and bazaar which is to be held on Mr. John Shield's lawn this evening under the auspices of the Busy Bees of the Methodist Church. Should the weather be unfavorable the house will be at the disposal of the guests.

The Clover Bar, East Clover Bar and Agate branches of the "Alberta Farmers' Association will give a big all-day picnic on Wednesday, July 22nd, at Mr. Reynolds farm near their store, Clover Bar. A number of prominent men have promised to give addresses. A lawn band has been engaged to provide music, and a program of sports, including basketball and races, provided for. No charge will be made for admission, but refreshments are to be provided. Everybody welcome.

### Close Soccer In Calgary

Calgary, Alta., July 1. — After one of the best association football matches ever seen in Calgary the local Canadian soccer team beat the Edmonton aggregation of the same name by six to nothing.

The game was closely contested throughout and while the combination of the Calgarys proved too strong for the Capitals, the individual play of the latter was brilliant.

### Patterson -- Bulletin Case

We regret we are unable to give the full judgment in this case as the Bulletin solicitors themselves were only able to see it in the Bulletin (p. 10). It's nice to be an Organ (big "O")

### LOST HIS MEMORY

Los Angeles, June 26.—(Butt Harrison) formerly a newspaper man, whose lapse of memory and dual personality forms one of the queerest mental distortions on record, left on the Santa Fe overland train for Turpoka, where his wife and children eagerly await his coming. Harrison spent yesterday and half of last night in conference with his sister-in-law, Mrs. W. B. Swan, who is visiting relatives here, learning of his history, and this morning she declared that he was convinced that he is another individuality and not "Gersham," the name he adopted as his own following the loss of his memory of the past. Harrison, put to a few days ago, had been working in a cable track near San Diego. His whereabouts were made known through the remarkable fact of his having written a letter to himself, which he sent to his former home. He had disappeared from Kansas City on January 4, of this year. The letter was opened by his wife who recognized the writing as her husband's. She wrote to him asking him for a photograph and a description of marks by which he might be identified. In return for this letter he received the following telegram:

"You are my husband without a doubt. Every identification complete. Am writing you money for journey to Toronto." A bit on the head by things is supposed to be responsible for his remarkable lapse of memory, and his subsequent assumption of another personality.

## Rheumatism

There is a relief and a cure for rheumatism. It is a remedy that will destroy the distorted limbs of chronic rheumatism, and turn your crippled back to firm again. That is impossible, you say. But it is possible. It is the only remedy that has ever cured all the pains and aches of rheumatism.
